ONTARIO PARKS ASSOCIATION
Protecting Tomorrow Today®

CAN/CSA-Z614-07 is the updated industry safety standard for children's playspaces and equipment in Canada. In Ontario this standard has received attention as child care centres, municipal parks, and school boards have begun implementing this voluntary standard as a basis for inspection of their playstructures. The Ontario Playground Academy uses this Resource Book as a base for the Registered Playground Practitioner course and refers to it in all offered programs.
